**Boys & Girls Clubs of Wisconsin**[www.bgcwisconsin.org/](http://www.bgcwisconsin.org/)

We serve over 145,000 youth at 151 sites in 57 cities across Wisconsin, or more than any organization other than our public school system. In 2018, the State of Wisconsin contribution was less than 2% of our total budget, and we want them to become stronger partners as we continue to invest in our future. With two thirds of our kids living outside of Madison and Milwaukee, we support programs and funding that allows all Wisconsin's Clubs to continue to offer unique programs that promote the positive development of young people.

We focus is on securing resources that result in measurable outcomes for youth in academic achievement, career skill building, workforce development, juvenile crime reduction, prevention of opioid abuse, and positive civic engagement. We support and track legislation and budget matters related to programs and activities for school age youth statewide.

**Fresh Start Coalition**

Young adults who are charged with a crime, even if it is later dismissed have a record on CCAP forever. This jeopardizes future employment and advancement, potential internships and ability to even rent apartments. Conversely, a guilty person who serves their sentence and/or pays a fine, ends up better off by having their case/charge removed from CCAP upon sentence completion. Expungement should favor the innocent as much as it does the guilty which is why current law needs to be changed.

Change state law so that all information related to a criminal case of an individual who was under the age of 25 at the time an alleged offense occurred, can have all information related to their case removed from CCAP.

We advocate based on our values in response to God's command to love our neighbor. We focus on hunger and nutrition programs for children and adults, antipoverty programs and economic justice for low-income individuals and families. We also address the crisis of human trafficking, environmental issues, and immigration.

Policies related to the following:

Hunger and poverty - We support fair safety nets programs and policies that diminish hunger.

Immigration - We seek policies that welcome the stranger and build up fairness in immigration laws/

Climate change and clean water - We are called to care for God's creation and so support renewable energy and fair environmental regulations.

Human trafficking - So far we have focussed on anti-sex trafficking laws and that help prevent trafficking and that direct victims to receiving human services. We also support increased human services for youth and adult victims.

**Union Pacific Railroad Company**

WWW.UPRR.COM

Railroad transportation.

UP is a freight railroad. We will be attempting to influence legislation and state rules that relate to any regulation of our operating practices or the goods we transport. Since our physical plant (tracks and auxiliary facilities) extend across the state, we have the same concerns that other industry has about property law, environmental impacts and the like, as well as how our property and operation is taxed. We are also concerned about laws that affect our employees and liability law with regard to our operations in the state.

CRNA's are advanced-practice nurses certified to administer anesthesia in settings ranging from medical offices to hospital surgical units. In Wisconsin we also have authority to independently prescribe medication used within the scope of our practice. We believe the practice of anesthesia is a recognized specialty within both the nursing and medical professions. As a group we are interested in maintaining this setting by Wisconsin rules and regulations in health and health financing, along with insurance and tort reform.

Wisconsin Housing Alliance

Wisconsin Restaurant Association is a not-for-profit trade association dedicated to supporting the foodservice industry.

WRA membership includes thousands of foodservice businesses representing virtually every size and style of establishment in the state. Restaurateur members include fine dining establishments, mom-and-pop supper clubs, small cafes, quick service outlets, corporate chain restaurants, institutional food service operations, catering businesses and hotel and motel food services, to name a few. In addition to restaurateur and food service operators, WRA has hundreds of Supplier Associate Members that provide goods and services to the restaurant industry.

The Wisconsin Restaurant Association will work to insure that no new taxes on small businesses are created and maintain equal property tax relief for businesses. WRA will work to maintain the September 1 school start law and an increase in the state budget for tourism promotion. WRA is interested in all alcohol laws and their impact on the ever changing restaurant industry. WRA will work to limit new mandates on employers in the area of employee benefits or health insurance and finding a viable solution for more small businesses to offer affordable health insurance to their employees. WRA is interested in workplace issues such as minimum wage, workers' compensation, unemployment compensation, and teen labor laws. WRA will work to protect the integrity of the restaurant industry by working for necessary and equitable regulations associated with safe food handling. WRA will work for utility deregulation to effect small businesses positively.
